Football Players Visit Hospital

Four-year-old Lorne, a patient at Alberta's Red Cross Crippled children's hospital, shows Sugarfoot Anderson and Bob Mike of the Calgary Stampede that he knows how to kick a football despite his crutches and a brace on his right foot. Sugarfoot plays along by holding the ball for the attractive youngster.

Patients at Alberta's Red Cross Crippled Children's hospital were sure they were the luckiest kids in town Wednesday when members of the Calgary Stampede's football team dropped in for a visit.

As sport's minded as any youngsters, the patients could hardly contain their excitement when Les Lear, Ed Champagn, Stan Heath, Bob Mike and Sugarfoot Anderson made bed-to-bed and ward-to-ward calls. Cries of "Where's Sugarfoot?" preceded the party down the corridors as the young-vocally expressed their excitement.

Johnny Bright of the Stampede was originally scheduled to join the party but as an appendectomy stood in his way, Les Lear brought along Bright's number "43" sweater and helmet and let the kids try them on. All were football stars for a time and their grins evidenced their thrill.

Over in the gymnasium, four-year-old Lorne donned a miniature football sweater to show that he intended playing football about 1965. He posed happily for photographs with Sugarfoot and Bob Mike, the former holding the famous football with which the Stampede won the Grey Cup in 1949. The football is a prized possession at the hospital.

As always during special visits to the hospital, autographs were the order of the day. Books, slips of paper, toys and of course casts on small limbs were all duly signed by the players.

The Special Interest Class of the Second Ward Mutual were responsible for the interesting program Thursday night. Mrs. Zettella Taylor opened the program with a talk "Why Special Interest," followed by a piano solo by Pat Strong and a vocal trio by Laura Watson, Gen Hawkins and Velma Bigelow. The concluding number was a Blackout with the following participants: May and Jack Finch, Theora and Henry Piegras, Zelma Jones and Guy Sabey.

Mr. and Mrs. Frank Taylor entertained a group of friends Sunday evening in honor of her sister and brother-in-law, Mr. and Mrs. Arthur D. Taylor of Provo, Utah and their daughter Mrs. Kieth Stewart. Guests for the evening included the Lou Brandleys, Heber Allens, T. George Woods, Lincoln Woods, C. R. Wings, S. B. Cards, Harlan Taylors, LaVerne Anderson and Paul Redd. Mrs. Taylor's mother, Mrs. Josephine Goodridge, who has been visiting here, returned with her daughter.

Mr. and Mrs. Fritz Dahl spent a few days in Calgary where Fritz attended a Massey Harris convention.

Lions Visited By District Governor

Morris E. Sanford, Helena, Montana, district governor 37-D, Lions International, made his official visit to the Lions Club of Raymond on Oct. 6th, at 7:30 p.m.

Lion Sanford is one of 244 District Governors who supervise the activities of 9567 clubs having a membership of more than 449,000 in 38 countries. Lions International was founded in 1917 and has become the largest, most active and fastest growing service club in the world.

The District Governor was general chairman of the 1952 district convention in Helena. He is a charter member and past president of the Helena club. He also served his club as program chairman and song leader. Is a key member and has 7 years of perfect attendance.

He was a Y.M.C.A. physical director for 15 years and since 1934 has operated his own insurance agency. He is married and has three grown children with five grandchildren.

An active Mason and Eastern Star, he was recently appointed grand sentinel of the Grand Royal Arch Chapter of Masons of the state of Montana. A member of the First Christian church, he served as choir director for 26 years and is an elder. Is vice chairman of the church board. He is a member of the Loyal Order of Moose and United Commercial Travelers.

Also in attendance at the meeting on Monday night were International Councillors Charlie Matkin and Ken Long and their wives and Zone chairman Bill Matson.

IN LOVING MEMORY

As I stand beside the empty cot
I marvel that so small a tot
Could have filled so very large a part
Of my sad and aching heart.

I see again the little face
Once pillowed soft, in dainty lace
And pray no idle thought defile
The memory of my baby's smile.

I caress again the lock of hair
That once adorned my baby's fair
And would those silken strands could bind
Kind thoughts forever on my mind.

I feel again the wondrous bliss
Of my baby's tender kiss
And offer thanks to Him above
For granting me a baby's love.

To give me strength O Lord I pray
To live more worthy day by day.
That I again my child might see
And keep through all eternity.

GRACE ANDERSON

Mr. and Mrs. S. B. Card enjoyed a business trip to Calgary where they visited their son, S. B. Card Jr. They also attended a concert of the Celebrity Series featuring The Scottish Concert Party which starred Alex Finley the greatest Scottish comedian since Harry Lauder. The Cards described the concert as definitely outstanding.

Mr. and Mrs. Stuart Fyffe have as their guest Mr. Fyffe, uncle Mr. Andrew Peters of Calgary.

One more member has been added to the Hospital Staff; Mrs. Hall who has just arrived here from England. Alfred, Lillis McGillvary and Hazel Rebalin.

Tree Planting Car To Stop Here

Tree planting is an essential element in the stabilization of agriculture in Western Canada. Successful tree plantings provide protection for people, crops, soil and livestock, and also make the prairies a better place to live. As shelter belts around the prairie farm home, they make possible, by the protection they afford, successful gardens and supplies of small fruits; thus helping to keep the home table supplied. They add a new pleasure to home life and the comforts of living. As field shelters, although they do not obviate the need for proper cropping and soil management practices, they can be so integrated with them that these practices are made more effective.

Meetings are held in the Car, at each point on the itinerary, at eight o'clock in the evening. When schools are open, arrangements are made with the school authorities to have the Pupils visit the car during school hours. Sound films show the result obtained by farming people through planting trees, and give practical instruction

The Canadian Forestry Association is a National education organization, working to secure public understanding and co-operation in the conservation of our natural resources of Soil, Forests, Waters, and Wildlife. It is entirely supported by voluntary grants and donations.

The Canadian Forestry Association Tree Planting Car will be in Raymond on Tuesday, October 21.

Engagements

Announced

Mr. and Mrs. Cliff Nalder announce the engagement of their youngest daughter Marie to Tom King.

The marriage will take place this month.

Mr. and Mrs. L. M. Adams of Raymond announce the engagement of their youngest daughter Marian to Elwin LeRoy Miller youngest son of Mr. and Mrs. Hugo Miller of Ready-made. The wedding will take place Nov. 7 in the L. D. S. Church in Lethbridge.

Raymond 1st Ward M Men and Gleaners have recently enjoyed a number firesides.

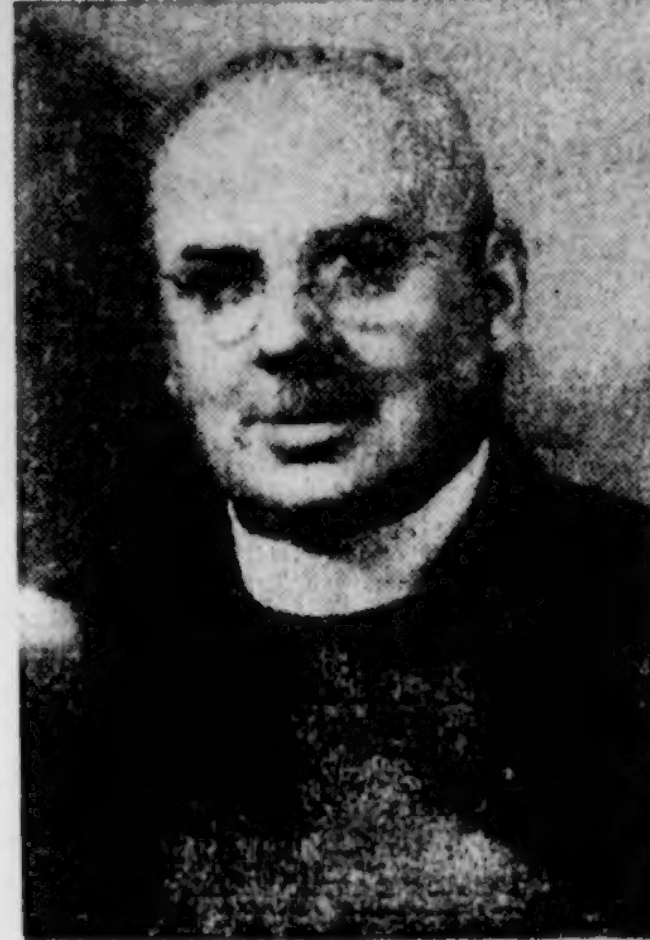

At the C. A. Hudson home Elder Ted Brewerton told of his experiences showed moving pictures of his mission in South America.

Elder Watson Ririe spoke to a large group of young people at the W. B. Shaw home. Watson's mission was in Holland and he showed many pictures of Europe.

Sunday at the home of Mrs. Martha Taylor, Elder Blaine Hudson of Claresholm spoke of his mission in South Africa. His colored slides were also greatly enjoyed by the twenty-eight young people present.

In charge of the firesides were Floy Kiddle, Carma Paxman and Patricia Mitchell.

Rotarians To Hear District Governor

Oliver B. Strapp

The Rotary Club of Raymond will be host to District Governor Rev. Oliver B. Strapp of Rotary District No. 171 on the occasion of his official visit to the club.

He will confer with President L. A. Wood and Secretary G. N. Wells also other officials of the local club. Mr. Strapp is the Principal of the Indian Residential School at Brandon, Manitoba, and is a member of the Rotary Club of Brandon. He is one of the 207 District Governors who are supervising the activities of some 7,600 Rotary Clubs which have a membership of over 360,000 business and professional men in 83 countries and geographical regions throughout the world. Wherever Rotary Clubs are located their activities are similar to those of the club in Raymond because they are based upon the same objectives, developing better understanding and fellowship among business and professional executives, promoting community betterment undertakings, raising the standards of business and professions and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world wide service organization continues to grow in numbers and in strength. During the past fiscal year, for example, 219 new Rotary Clubs were organized in 32 countries of North, South and Central America, Europe, Asia, Africa and the Islands of the Pacific.

If you don't see the local news items you are looking for in this paper see our next issue. We've been in a kind of dither lately.

Mary Court Is September Bride

Beautiful gladioli and dahlias decorated the Stake House Wednesday night, September 24th, for the wedding of Mary Court, youngest daughter of Mrs. Alice Court and Alan Heggie, eldest son of Mr. and Mrs. Robert Heggie, with Bishop J. Golden Snow officiating. Jeanne Jensen sang "Oh Promise Me" during the signing of the register.

The bride, given in marriage by her brother John Howard, carried a bouquet of red roses as she walked down the aisle to the strains of the Wedding March played by Marilynne Bacon. Her bridal gown was of nylon tulle with a cut-away jacket of chantilly lace fashioned with three quarter length sleeves, a Peter Pan collar and front buttoning. A dainty hat of chantilly lace and tulle held in place her nylon tulle fingertip veil.

The brides attendants were her sister Mrs. Bette Greep and Matron of Honor gownned in mauve net, and Doris Helgersen as bridesmaid in a gown of yellow net. Both carried a colonial bouquet of sweet peas and small dahlias. Flower Girls Elizabeth Ann Court and Linda Louise Ralph in yellow and pink organdy respectively, carried nosegays of sweet peas and daisies.

Ray Heggie was his brother's Best Man with Hugh, Max and Tim Court as ushers.

Mrs. Court chose a navy check dress for her daughters wedding while Mrs. Heggie wore a purple and mauve. Each wore a corsage of pink roses.

Guests were greeted by Mr. and Mrs. Parley Meldrum and Mr. and Mrs. Mutt Ralph. Bernice Evans presided at the Guest Book.

Lois Helgersen, Agnes Petrak, Jean Cooper and Hilda Bucknall received and displayed the many gifts.

Dorothy Strong and Elsie Mitchell invited the guests to the lunch table where they were served by Margaret Henry, Gudney Holm, Ida Holm, Pat Mitchell, Shirley Johnson, Evelyn Heggie and Carol Heggie. Anne Turner was in charge in the kitchen.

The three tiered wedding cake which was flanked by white tapers was decorated by Mrs. Ruby Holland, sister of the bride.

Master of Ceremonies Dick Kinsey introduced the following program: A reading by Betty Evans "This Thing Called Love" after which Tim Court and Don Petrak rendered their original song "Too Late to Change His Mind." A solo by little six-year-old Kaye Cook of Magrath "My Best To You" preceded a piano duet, "Two Guitars" by Marilynne Bacon and Carol Holmes. "The Sunshine of Your Smile" by Frank Clawson concluded the program.

For her going away the bride wore a grey wool suit accented by a red rose corsage and black suede accessories.

The bridal couple motored to Banff for a few days after which they will make their home in Raymond.

Mr. and Mrs. L. D. King received word that their son, Louis, has been re-elected president of the Crematorium Association of United States and Canada at a recent convention in Detroit. This is his second term of office.

CORRECTION

We are sorry that we were in error concerning Mrs. Grant's Friday night entertainment last week—the game played was Rook not bridge as previously stated.

Serving one of Canada's richest irrigated mixed farming districts.

Small amounts of certain detergents, soap substitutes, when fed to hogs and poultry have been found to speed up the rate of growth by as much as 12 per cent. Experiments are still in their early stages, and the practice is not recommended.

Small change does too count up! Coins tossed into fish ponds at the Calgary Brewing & Malting Co. have bought a dark blue delivery for the Red Cross hospital. The interior is fitted with brackets and tapes to hold a stretcher, with the truck serving a dual purpose. Presentation of the vehicle was made by J. B. Cross to the Commissioner.

THE CASE FOR THIEVES

The other day we read an interview with a thief in which he said his occupation was necessary to modern life.

If there were no thieves, this man said, there would be no need for huge iron safes, so the makers of these would go out of business and their men unemployed.

There would be little need for police so thousands of such men would lose their jobs.

There would not be nearly the extensive need for banks, which now exists, and look at the unemployment which would ensue if the activities of such financial institutions were curbed by one half!

There would be no need for the companies which insure against thefts or defalcation.

There would be a closing of most jails, lawyers and judges would lose most of their employment, and general chaos would ensue.

Thinking it over, it would appear that there is good case for thieves. Who would want to upset modern civilization.

Let's have a "Thieves Week" by all means.

The Minister of Agriculture and the Provincial Director of Veterinary Services at Edmonton are interested in making Alberta a Bang's Disease free Province.

To help in this, District Agriculturalists are trying to arrange for educational material to reach farmers, showing them the benefit of having herds of cattle free from Bang's by means of annual vaccination of the heifer calves.

Some districts have been doing this for some time and have good results to show. Some have reached the point where the cattle owners are forming Bang's restricted areas.

The District Agriculturalists in this area are working with local veterinarians who are vaccinating calves at a charge agreed to by the Western Stock Grower's Association. The Lethbridge District Agriculturalist's office is working with Dr. Carney and his associates, and contracts are being made with farmers in Barons Municipal District, Warner Municipal District, North half of Sugar City Municipal District, South half of Special Areas Number 4. These districts constitute the Lethbridge District Agriculturalist territory.

The contracts with cattle owners are being made with the assistance and co-operation of The Coalbrook Cheese Factory, Jake Klassen, Manager; The Crystal Dairy, Ralph Tennant, Manager; The Purity Dairy, R. S. Fabb, Manager; Central Alberta Dairy Pool, Norman Kirkham, Manager; Southern Alberta Livestock Co-Op., W. J. Knowlton, Manager. These firms have used their mailing facilities to contact all cattle owners in the Lethbridge District Agriculturalist territory.

Mr. and Mrs. Eddie Lamarr of Calgary were week-end guests at the Ted Weeks home.

Farmers
as a rule
are
good sports...

You can be a good sport too, by following the Golden Rule, and making a friend of the farmer.

1. First call on him and obtain his permission to shoot or hunt on his property.
2. Always close gates behind you, they were put there for a purpose.
3. Don't shoot, unless you are sure of your bullet's ultimate resting place. You could miss.
4. Don't shoot near buildings or stock.
5. Don't climb through fences with a loaded gun.
6. AND NEVER carry a loaded gun in a vehicle.

Shooting insulators on power or telephone lines—thus interrupting farmers' power or telephone service—is NOT following the Golden Rule.

You will find the farmer a real good sport if you are a good sportsman and follow the rules of good sportsmanship.

Thinking is a lonesome job. It's every man for himself.

BLADE Cultivate After Harvest

for a cleaner summerfallow next year

Blade cultivation, as soon as possible after combining, leaves soil loose and mellow so that it more readily falls away from weed roots at the first spring blading. Most really clean blade summerfallows after this wet spring are fields that were bladed just after harvest. This fall stroke often saves one spring stroke.

The Noble Cultivator is the only cultivator that can be equipped with straight blade to penetrate extremely hard ground after harvest.

- * KILL RUSSIAN THISTLE AND OTHER LATE-RIPENING WEEDS BEFORE THEY SEED
- * LEAVE STUBBLE STANDING TO HOLD SNOW WHILE SOIL IS LOOSENED TO ABSORB SPRING RUN-OFF
- * CUT OFF PERENNIAL WEEDS SAVE A STROKE IN SPRING WORK
- * SHALLOW, EARLY AFTER-HARVEST BLADING DRIES AND DESTROYS MANY GRASSHOPPER EGGS AND SAWFLY LARVAE

Write for circular on after-harvest blade cultivation to:

Notes From Your District Home Economist

MISS LILA ENGBERG

CANNING

The canning season is almost over but it is not too late to answer a few questions. Perhaps you would like to change your procedure for some things next year.

1. Q. Are cloudy peas always a sign of spoilage?

A. No, not necessarily. If there is no odor or other sign of spoilage, the cloudiness is probably due to over-processing or to using too mature peas.

2. Q. Why do fruits, particularly berries, float in the sealers?

A. This may be due to too heavy syrup or to over-cooking.

3. Q. Why should sealers not be inverted during cooking?

A. The weight of the food against the lid may prevent a seal from forming or may break a seal which has already been formed.

4. Q. Why does jelly sometimes fail to set?

A. There may be several reasons for this:

(1) Using over-ripe fruit or fruit lacking in pectin.

(2) Too short a boiling time before or after adding sugar.

(3) Using too much sugar in proportion to the pectin and acid in the fruit juice.

(4) Making the jelly on a very damp day. Note - Sometimes jelly does not completely set until the second or third day.

5. Q. How can crisp texture in pickles be obtained without the use of alum?

A. The use of a large amount of alum in pickle making is to be discouraged. The crispness of pickles can be assured by using a good grade vinegar, soft water, good quality table salt and following proper methods.

SCHOOLS OF AGRICULTURE

The Schools of Agriculture and Home Economics at Fairview, Vermilion and Oids are opening for the new term on October 21st. There is still time for boys and girls over 16 years of age to apply. These are residential schools with living and class room accommodation for about 200 at Oids. The board and room cost is \$10 per month. There are no fees except for medical services and student societies.

The Home Economics is a two year course planned primarily for young women who intend to become homemakers. Emphasis is placed on cooking, sewing, handicrafts, home management and home nursing, but the course also includes instruction in English, mathematics and sciences related to Home Economics, some instruction is given also in a few agricultural topics of interest to the farm housewife - poultry, dairying and horticulture.

Under the supervision of the staff the student body is encouraged to participate in the social life of the school - literary programs, school dances, plays, orchestra and indoor and outdoor sports, etc.

Write to me or to your District Agriculturist for application forms or more information, or send directly to the Principal of the School of Agriculture.

START 4-H CLUBS NOW

If there is no 4-H Club in your district, why not get busy and organize one this fall? Girls from 12 to 22 years are eligible and you'll need at least 8 members. The Alberta Department of Agriculture provides projects in - Clothing, Foods, Home Decoration and Gardening. Etiquette is a part of all projects. The Girls, with the help of a local leader, conduct their own business meetings and plan interesting educational and social meetings for the year.

The 4-H Club at Raymond with Mrs. Margaret Laqua as their leader, took a gardening project this summer. They displayed their vegetables, flowers and canning at their Achievement Day held on October 3rd, at the Raymond High School. The public were invited to attend the display and the program put on in the evening.

The Glenwood 4-H Club have taken a Clothing project for two years and are carrying on this fall under the leadership of Mrs. Lorna Bohne. Their first meeting was held at the school on October 2nd. Several interested girls attended to listen to the outline of project material. In July two of their members - Viberta Woodruff and Loyla Greene took part in the Provincial Judging Competitions at Oids. This is an interesting part of their 4-H Club work.

I will gladly send lists of regulations and outlines of project material to anyone.

Mrs. Vanderdam was giving a bridge party when the patter of tiny feet was heard from the head of the stairs. "Hush," she said softly, "The children are going to give their good-night message. It always gives me such a sentimental feeling to hear them."

There was a moment of tense silence; then shrilly: "Mamma! Percy found a bedbug!"

Last Saturday afternoon Lanny, Lorena and Linda Howard were guests of honor at a Birthday Party where about twenty young friends joined them for games and a lot of fun before the lunch, featuring a big cake, was served.

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager:

"I made a goal of \$1,000 for this year. It is two years since I opened the account with two dollars. I owe thanks to you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need: they maintain 7½ million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank staffs have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

To keep pace with Alberta's industrial expansion, the Institute of Technology and Art, Calgary, has announced it will offer a one year course for the training of laboratory technicians.

The course, which will commence Sept. 20, and end May 22, 1952, includes studies on laboratory techniques, theory on industrial chemistry, physics, and mathematics dealing with chemical calculations.

The course is being offered to provide training for Albertans who wish to find employment in chemical plants, petro-chemical industry, refineries or other industries where lab technicians are in demand.

The course is open to men or women over sixteen years of age who hold an Alberta high school diploma including first year algebra, physics and chemistry or their equivalent. Cost of the course is \$10.00, plus \$5.00 registration.

Laughter is day, and sobriety is night; a smile is the twilight that hovers gently between both, more bewitching than either. — Henry Ward Beecher.
